

Feature Description

The Farmdeck Grazing planner allows you to create plans for each season. This allows you to leverage over 30 event types, (such as, resting, burning, clipping, fertilising, harvesting, hoeing, reseeding, rolling and smoothing, and much more) to plan your grazing and your cropping and land maintenance activities.

Features

- Paddock names, ratings, priorities, sizes, and supply
- Mob names, number of heads, and demand
- Events (30+ event types)
- Plans and events start and end dates, including duration
- Plans status

Applications

- Paddock growth and rest rate
- The number of grazing days remaining
- Supplemental feeds
- Stocking rates
- Feed on Offer (FOO)
